

## **MGRC Healthcare and KMI Healthcare Embark on Strategic Collaboration on Genetic Screening Services to Hospitals**

---

MGRC Healthcare Sdn Bhd (“**MGRC-H**”), a wholly owned subsidiary of **Malaysian Genomics Resource Centre Berhad** (“**MGRC**” or “**the Group**”), a leading genomics and biopharmaceutical specialist, is partnering with Kumpulan Medic Iman Sdn Bhd (“**KMI Healthcare**”), a healthcare Group under TDM Berhad with the objective of enhancing healthcare offerings by leveraging advanced genetic testing on genetic screening services.

**Encik Muhammad Badri bin Hussin, Executive Director/Chief Operating Officer of MGRC** expressed his enthusiasm for the collaboration, We are delighted to partner with KMI on this project in which the genetic screening, branded as the “Origene All-in-One Report,” provides more than 200 genetic insights based on an individual’s unique genetic blueprint. This allows for the identification of potential health risks and supports personalized wellness management. MGRC will provide consultancy and technical support to ensure the successful implementation of the genetic screening tests.

Additionally, the service includes a specialized Non-Invasive Prenatal Testing (NIPT), a prenatal screening that allows for the detection of certain genetic conditions in a fetus without the need for invasive procedures like amniocentesis or chronic villus sampling (CVS).

These services will be available at all five KMI’s hospitals including KMI Kuantan Medical Centre, KMI Kuala Terengganu Medical Centre, KMI Kelana Jaya Medical Centre, KMI Taman Desa Medical Centre, and KMI Tawau Medical Centre.

KMI Healthcare is now offering special promotion for its comprehensive genetic screening test, available until October 2024. In strategizing early health detection, genetic screening is an effective tool for family planning, helping to identify hereditary conditions that could impact your loved ones and hence, taking proactive steps is essential to safeguard your health and well-being. For more information, please visit KMI Healthcare’s hospitals or its facebook page.

## **ABOUT KMI HEALTHCARE**

Kumpulan Medic Iman Sdn. Bhd. or KMI Healthcare is a subsidiary of TDM Berhad, a company listed on Bursa Securities Malaysia Berhad. The Healthcare Group has been established since 1996 under Kumpulan Mediiman Sdn Bhd and restructured to Kumpulan Medic Iman Sdn Bhd. in 2013 to enhance the branding of hospitals under the Healthcare Group. KMI Healthcare manages five specialist community hospitals namely: -

- 1.KMI Kelana Jaya Medical Centre ("KMI Kelana Jaya");
- 2.KMI Kuantan Medical Centre ("KMI Kuantan");
- 3.KMI Kuala Terengganu Medical Centre ("KMI Kuala Terengganu")
- 4.KMI Taman Desa Medical Centre ("KMI Taman Desa"); and
- 5.KMI Tawau Medical Centre ("KMI Tawau").

All its purpose-built hospitals offer single-bedded rooms that ensure privacy and comfort to their patients and guardians. KMI Healthcare is strategically positioned to become the trusted healthcare provider of choice due to its highly accessible locations. Our hospitals provide quality healthcare and efficient services at affordable prices for the benefit of the community.
